

MOBILE COFFEE TROLLEY

1300 721 811 | info@coffeebella.com.au | www.coffeebella.com.au

**IDEAL FOR CONFERENCE
& FUNCTION CENTRES**

This unique fully autonomous mobile coffee trolley, provides a brand new option for mobile coffee catering. Designed to deliver a fresh barista made coffee right to your office desk, boardroom function, or function centre, this unit takes mobile coffee to new heights.

Powered by an onboard electric drive motor and easy touch controller this mobile coffee unit can be manoeuvred through any office, up and down lifts, in and out of the boardroom or conference centre, and alongside the garden pool. The unit is primarily designed to get a barista made coffee to those difficult to get to places. The unit is powered by a battery pack and inverter system that will provide continuous operation for several hours without being plugged into mains power...
